

LUXE LOFT 716

3887 Seneca Street – Luxury Salon & Wellness Suites

Prepared for Mike Woods | Cornerstone Bank

Executive Vision

Luxe Loft 716 is a luxury salon and wellness suite concept designed for independent beauty, wellness and personal care professionals. The project repurposes a former dental office into a premium suite environment with minimal construction risk and substantial income potential.

Why 3887 Seneca Works

The property already functions as a professional office environment. Existing treatment rooms, plumbing, reception areas, ADA accessibility, commercial electrical systems, HVAC infrastructure and parking significantly reduce redevelopment costs.

Existing Architectural Investment

The architect-stamped plans prepared for the prior dental-office conversion demonstrate that major improvements have already been completed. This dramatically lowers risk compared with a traditional office conversion.

Tenant Profile

Hair stylists, estheticians, lash artists, massage therapists, permanent makeup artists, injectors, wellness practitioners, brow specialists and other independent professionals seeking private upscale workspaces.

Financial Summary

Item	Annual
9 Salon Suites	\$108,000
Apartment 1	\$13,200
Apartment 2	\$15,600
Gross Potential Income	\$136,800
NOI	\$95,920
Debt Service	\$31,944
DSCR	3.00

Growth Strategy – Amherst Expansion

The Seneca Street location serves as the flagship operation for the Luxe Loft 716 brand. Following stabilization, ownership intends to expand the concept into Amherst, New York.

The Amherst rendering demonstrates a scalable regional brand rather than a single-property investment.

Closing Summary

- Existing professional office infrastructure
- Architect-designed prior conversion
- Existing parking and accessibility
- Minimal renovation requirements
- Strong projected cash flow
- DSCR substantially above lender requirements
- Mixed-use income stream
- Long-term refinance and expansion potential
